

### CROP OUTLOOK NOT BAD, SAYS EXPERT

Dr. Earnheart Says Corn in Tulsa County Is Looking Fine.

### THRESHING GOES ON

Wheat in Fine Shape, Oats Bad in Spots, Vegetables Great.

Every indication points to record crops in Tulsa county according to Dr. C. E. Earnheart, county farm demonstrator, who has been touring the county and paying particular attention to the cereals.

"The corn has a rich, black foliage, is in tassels and silk and one more good rain in a week or ten days will produce a yield of the golden grain of from 50 to 80 bushels an acre," said Dr. Earnheart yesterday.

"Practically all of the wheat is cut and threshing is progressing rapidly. The grain generally is plump and the berry good but the yield is below that of other years due to the heavy winter which killed part of the stand. Oats are being threshed and stacked. The farmers realize that sowing, threshing and stacking is the best insurance they have of saving the grain. One field of oats in this county looks good for 80 bushels per acre but it is generally thin on the ground due to poor seed from last year's crop."

**Fruits and Vegetables.**  
"There has been an enormous crop of blackberries, both wild and tame. Cucumbers, cantaloupes and vegetables are plentiful and of excellent quality. They cannot be beaten even in California."

"This country is making wonderful strides in the matter of agriculture and a great battle has been waged this year against weeds and pests. Pastures and stock have well and are mostly of the better grade with more pure bred stock than ever before in history."

"Next week the peaches, which were deformed last winter, will be ready to work on and thousands will be cared for."

### WELL KNOWN BUSINESS MAN

Says, "Since Taking Tanlin I Can Eat Anything at Any Time Without Bad Effect."

Since the introduction of Tanlin in Tulsa, less than two months ago, several Tulsans have used the wonderful remedy and all acclaim its merits. Among the many testimonials received by the Tanlin man, none is more interesting than the one given by Mr. C. E. Heerdt of No. 267 Robinson Arcade, Tulsa, a high-class photographer, who is so well known in Tulsa and vicinity, he needs no introduction. Mr. Heerdt says, "I suffered from stomach trouble for a long time. I could not eat without it hurting me. I was also very nervous and run down. I decided to try this Tanlin. After taking two bottles, I find I am entirely relieved of my indigestion. I can now eat anything at any time without bad effect. I am also relieved of nervousness and sleep like a child. I recommend Tanlin because it relieves my suffering. Tanlin is sold in Tulsa by Quaker Drug Co., by Sapulpa Central Drug Co. and in Dr. Wright's Pharmacy, Tulsa, Okla."

### GROSS TAX MONEY GOES TO TREASURY

If No Protest Is Made by Payee, Equalization Board Holds.

**Special to The World.**  
OKLAHOMA CITY, July 3.—Money that has been paid in to the state auditor as gross production tax, wherein no protest has been made, nor other action taken to protect any claimed rights of the parties paying the money, whether it be on Ozone or restricted Indian lands, will be turned over to the state treasury, according to the effect of a resolution adopted by the state equalization board today. The terms of a resolution adopted by the board on June 20 were amended by the board today. By that resolution, taxes paid prior to that time where protest had been made, but had been dismissed for want of prosecution, would go into the state treasury without further notice. The board today, however, gave notice no one would be arbitrarily shut out, but that suit must be filed in the supreme court to recover such money paid in, and these suits must be brought before July 17.

**Requires Two Actions.**  
It was agreed that suits must be brought to cover the question of the validity of the gross production law relative to Ozone or restricted Indian lands and that it would require one action relative to the Ozone taxes and another covering the restricted Indian lands.

But wherever tax money is paid, it must be designated whether the tax is a departmental lease or a commercial lease. If no designation is made, the money will be turned into the state treasury. The state auditor will not be burdened with the task of ascertaining whether the tax covers one kind of lease or the other. An agency involved in the taxes that have been paid under protest, and proper action by the parties has been taken to prosecute a test case on the validity of the law, will be held in a segregated fund by the state auditor, so that if they should be successful in being awarded possession of the money, then it can be paid back without legislative procedure.

### HOW TULSA LOOKS TO VISITOR HERE

Points Out Some of the Things that Can Stand a Lot of Improvement.

"See yourselves as others see you." This quotation can be applied to a communication received yesterday by The World. It speaks for itself.

Editor The World.—The first impressions of a visitor from Philadelphia to Tulsa are:

The dirty condition of the downtown streets which are littered with trash and paper of all descriptions. Their condition is especially noticeable and disgusting on Sunday. Why does a city the size of Tulsa neglect this important matter and fail to keep the streets in a sanitary condition by flushing them with water?

Second—The rotten water system.

Third—The shameful street car system.

Fourth—The miserable telephone service.

Fifth—The large number of overhanging signs displayed on all buildings.

### When Itching Stops

There is one safe, dependable treatment that relieves itching torture instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c bottle of Zemo and apply it as directed. Soon you will find that pimples, black heads, eczema, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

Zemo, Cleveland.

# The Glorious Fourth

On the day when our nation celebrates its illustrious birthday---its freedom from tyrannical oppression---its perpetual independence---is it not fitting that we should give a serious thought to our OWN independence---our OWN freedom from that even greater tyrant "WANT?"

Thrift and patriotism go hand in hand. The man who is not fair to himself, is not true to the nation.

Make your declaration of independence a Pass Book in the Savings Department of the

## Balanced Meals--

Have them both tasty and healthful.

Years ago a food was devised to serve two important functions--(1) furnish delicious flavor, and (2) well-balanced nourishment.

That food is

## Grape-Nuts

It fulfills its office admirably, for it is made of whole wheat and malted barley, with all their splendid nutrition, including the vital mineral salts, which are lacking in much of the food of the usual dietary.

In thousands of homes Grape-Nuts form part of the daily ration with both young and old.

"There's a Reason"

## Notice!

Owing to a break in our refrigerating machine, which is not possible to repair under three days, we are unable to accept any more Ice Cream orders for the Fourth.

Regretting such an occurrence at this time particularly and expecting to have all repairs made in a few days.

Respectfully

ings. These signs would not be permitted in a progressive eastern or northern city, not only on account of the danger to life in case of storms but on account of their unsightly appearance. Take a look at them on Main street. They are things to be proud of, are they not?

Yes, they are not!

Tulsa is overlooking some mighty good bets in the opinion of, yours truly, R. L. Simmons.

### NO BAIL FOR ALLEGED SLAYER.

James Looper of LeFlore County Must Remain in Jail Until Hearing.

**Special to The World.**

OKLAHOMA CITY, July 3.—Bail was denied James Looper, LeFlore county, by the criminal court of appeals today, who is being held in custody for the killing of James W. Hale, which occurred at the latter's house

on May 30. Looper claims to have shot in self-defense. The shooting was done with an automatic shotgun. Looper had rented Hale's house, with the reservation of one room for Hale. It is said the men had a misunderstanding previous to the shooting over the rent. On the day of the killing Hale went to the bathroom to take a bath. The men met again and trouble started. Hale was shot twice and died without saying a word.

### Can't Invest Fund.

**Special to The World.**

OKLAHOMA CITY, July 3.—When the county treasurer cannot invest the sinking fund of the county in the manner as contemplated by law and pending any such investment, it would become necessary for him to place such money in the county depository, then section 1446 of the revised laws of 1910 would control. This prohibits the treasurer from de-

positing in any one bank at any one time a greater amount than the capital stock of such bank. This opinion was given today by Attorney-General Freeling, answering an inquiry from one of the county treasurers of the state. The officer wanted to know if a county treasurer taking separate bond therefor, could lawfully deposit in a county depository uninvested funds whenever such funds, together with other funds deposited, would amount to more than the capital stock of the depository.
